Opportunities for Williamson & Burnet Counties receives \$20,000 in funding from Atmos Energy

Georgetown, TX, January 21, 2022 – [Opportunities for Williamson & Burnet Counties](#) (OWBC), the local Community Action Agency for the two-county area, is the recipient of \$20,000 in funding from Atmos Energy. Atmos Energy first donated \$10,000 in September of 2021. In January of 2022, the organization approved an additional \$10,000 donation.

Leticia Saenz, Manager of Public Affairs at Atmos Energy, commented, “Opportunities for Williamson & Burnet Counties delivers countless services to community members across their two-county area. Through our Fueling Safe and Thriving Communities, we are focused on fueling hope and growth for our neighbors, and continuing this vital partner’s mission to impact the communities that we serve.”

These funds from Atmos Energy are “unrestricted,” meaning Opportunities for Williamson & Burnet Counties may utilize the funds where they are needed most. This type of donation makes the most, immediate impact in the community.

As the area’s local Community Action Agency, OWBC meets the needs of local children, families, and seniors through Meals on Wheels, Head Start, and Community Services programs. The agency works to inspire generosity that prioritizes health, independence, and dignity for all community members in Williamson and Burnet Counties.

“The monetary gift from Atmos Energy will prepare children for school so they can become successful community members, transition families out of poverty, and deliver a hot, nutritious meal and wellness check to isolated seniors,” said Dori Yeater, Director of Development at OWBC.

About OWBC

Opportunities for Williamson and Burnet Counties is the area’s community action agency. Our mission is to empower children, families, and seniors to achieve and maintain independence by partnering with area organizations to provide education, nutrition, and community support. About Atmos Energy

Atmos Energy Corporation, an S&P 500 company headquartered in Dallas, is the country’s largest natural gas-only distributor. We safely deliver reliable, affordable, efficient and abundant natural gas to more than 3 million distribution customers in over 1,400 communities across eight states located primarily in the South. As part of our vision to be the safest provider of natural gas services, we are modernizing our business and infrastructure while continuing to invest in safety, innovation, environmental sustainability and our communities. Atmos Energy manages proprietary pipeline and storage assets, including one of the largest intrastate natural gas pipeline systems in Texas.
